PROFILE

## **ABOUT US**

TSL Nutraceuticals Pte Ltd is a Singapore-incorporated company that imports, distributes, and markets traditional Indian herbal and medicinal products of the highest quality that have been time-tested and proven over decades of research and clinical use as Prescriptives in traditional, non-allopathic treatment centres all over India.

We believe in a holistic approach towards the treatment of all human ailments and degenerative diseases that incorporates a combination of comprehensive lifestyle changes and aided by natural and herbal formulations manufactured with exotic herbs and ancient Ayurvedic knowledge with a high level of efficacy, only made possible by modern cutting-edge technology and exacting manufacturers standards.

To that end, we work with only selected herbal and natural product manufacturers from all over India with a comprehensive range of Ayurveda and Herbal based Cosmetics, Personal Care products and Supplements and with proven quality assured manufacturing standards and processes.

## VISION

The vision of our company is to be the number one global distributor of time-tested and proven Ayurvedic herbal formulations with efficacy on par with modern allopathic synthetic drugs and at reasonable mass market prices, paving the way for a wider market adoption and acceptance of these natural products to improve the overall quality of health of our clients and patients.

## MISSION

To bring about awareness and acceptance of proven Ayurveda and herbal-based formulations by the general populace and mainstream allopathic medical practitioners as a viable alternative and or complement to allopathic drugs for the treatment, management, and cure of common chronic and degenerative human ailments, aches, and pains, and to help improve the human condition.

# TELE MEDICINE

TSL Nutraceuticals, has an extensive network of experienced Ayurvedic Physicians and Hospitals from all over India, specialised in the treatment and care of metabolic illnesses and management of chronic and acute pain with natural and herbal remedies based on a holistic approach to health and wellness. Leveraging on this network and with the help of modern video conferencing technology like zoom, Skype and Whatsapp, we can able to coordinate and facilitate virtual medical consultations between patients and these Ayurvedic healthcare practitioners and hospitals.

Our primary Vision is to expand the reach of Natural Ayurvedic treatment options through such telemedicine consultancy concepts and make it them available to the rest of the world.

Through our innovative Telemedicine approach we intend to make such Ayurvedic science-based treatment options available to anyone and everyone from all over the world and spur the acceptance and adoption of such natural treatment modalities and make it mainstream.

The twin prong benefits of Accessibility and Convenience afforded by our telemedicine approach, enable you, the patient, and your attending physician to benefit from the consultancy at your convenience, effectively bridging the geographic divide regardless of where you are physically. As a result we can able to avail the benefits of our ayurvedic treatment and consultancy services to a wider community. Such consultancies are also efficient and cost-effective for both the patient and the practitioner.

# Dr. Danny

## Devasy, B.Sc., B.A.M.S.

*Chief Ayurveda Physician*

Dr. Danny Devasy, B.Sc., B.A.M.S., is a prominent Ayurveda Physician with a career spanning more than 16 years in Ayurveda. Originally a Bachelor in Science Graduate from Sri Venkateswara College from the University of Delhi in the year 1998, he later pursued and distinguished himself as the 3rd best graduate amongst his cohort, whilst obtaining a Degree in Ayurveda from Delhi University in the year 2004.

From his humble beginnings as a fresh graduate working with Dr. Shikha Sharma, a Diet and Lifestyle consultant in 2006, this healer went on to work in very well-established and prominent companies like Kairali Ayurvedic Health Resort, and Cholayil Sanjeevanam (Medimix Soap) over the next 2 years before further distinguishing himself in his role as the General Manager with the well established and reputed AVN Arogya Ayurvedic Hospital, Madurai for a period of 7 years.

Dr. Danny has been associated with the Hindustan Times Pace Foundation in Delhi and has given Ayurveda awareness talks in 23 prominent schools in Delhi. Always a strong proponent and champion of Ayurveda, he has also conducted Ayurveda Medical Camps, and Health Awareness workshops in corporate houses like Tata Consultancy, India Bulls, LG, Murugappa Group, and HCL Technologies, all over India, including Delhi, Mumbai, Chennai, and Bangalore. He has also traveled overseas extensively to countries like Malaysia, Germany, France, and UAE as a member of various Health and Wellness trade delegations promoting awareness of Ayurveda and its benefits all over these countries.

Dr. Danny is currently also the Head and Chief Ayurveda Medical consultant of Blessings Healthcare India Pvt Ltd, a Health and Wellness company operating in Madurai, South India providing holistic healthcare solutions.

Dr. Danny is also concurrently serving as the Chief Ayurveda Physician and Consultant for TSL Nutraceuticals Pte Ltd, a Singapore-based nutraceutical company. Through his association with TSL Nutraceuticals, which started more than 6 years ago, Dr. Danny has been instrumental in TSL Nutraceuticals' timely launch of their revolutionary telemedicine ([www.ayushvaidya.in](http://www.ayushvaidya.in)) concept and practice in this post-COVID era. Telemedicine has the potential to bring about a revolution in healthcare services where a patient's consultation can be scheduled with the best doctors in any field anywhere and is not limited or restricted by the proximity of the geographic location of both the doctor and the patient.

Facilitated via video conferencing tools like Zoom, Skype, WhatsApp, and the likes, Telemedicine, helps to bridge the physical divide between the patients and the physicians and brings a new level of convenience and accessibility to the first level or even specialized medical consultation services for the general public.

### TSL NUTRACEUTICALS PTE LTD - RANGE OF SERVICES

Partnering with TSL Nutraceuticals Pte Ltd., Dr. Danny, addresses various health issues through authentic Ayurveda, nutraceuticals, and lifestyle modifications and helps patients overcome their medical conditions and challenges with a strong emphasis on:

-  The natural mode of healing.
-  Less dependence/reliance on western Allopathic medicine.
-  Lower healthcare costs.
-  Minimizing undesirable side effects.
-  Improvements in overall health & quality of life.

With these overarching considerations in mind, Dr. Danny as Chief Ayurveda Physician with TSL Nutraceuticals Pte Ltd gives consultation and advise for a range of medical conditions including:

- 🌿 Bone, joint & spine-related problems like arthritis, rheumatoid arthritis, gout, ankylosing spondylitis, etc.
- 🌿 Stroke/Paralysis or other neurological problems.
- 🌿 Immunity-related issues, Asthma, Upper respiratory tract infections.
- 🌿 Gastrointestinal problems like Acidity, IBS, liver dysfunctions etc.
- 🌿 Wellness counseling, stress-related issues.
- 🌿 Metabolic disorders like Diabetes, High Cholesterol, High Blood pressure, etc.
- 🌿 Skin problems like Psoriasis, Eczema.

In addition through our established collaboration models, TSL Nutraceuticals patients, if needed or warranted, can also receive treatment in our prominent partner Ayurveda Hospitals in Kerala & Madurai for inpatient treatment services. All of our affiliated partner Ayurveda Hospitals are certified by the National Accreditation Board of Hospitals & Healthcare Providers, Govt. of India, and the quality of healthcare services and the affordability of the treatment costs are ensured.
