AVN NUTRACEUTICA

ABOUT US

Based in Madurai, Tamil Nadu, AVN Ayurveda Formulations Pvt. Ltd. is a prominent Manufacturer, Exporter and Supplier of Ayurvedic Medicines. From a humble beginning as a small clinic in the year 1930, AVN has grown into a full-fledged organization committed to the cause of providing safe and effective health care through authentic Ayurveda. The company is working under the valuable guidance of Dr. Ramesh R.Varier. With his degree in BAMS and his 25 experience of Ayurvedic Physician, he has helped the company grow into the right direction.

WE BELIEVE IN

- ❖ Quality & Ethics
- ❖ Using modern technology to improve our process
- ❖ Not compromising on the concepts laid down in Ayurveda
- ❖ Innovating effective and consumer friendly products & services
- ❖ Scientifically evaluating our treatments & products
- ❖ Fairness in all our activities and to all concerned

INFRASTRUCTURE

Stretched over an area of 25000 square feet, AVN has a highly sophisticated manufacturing unit which has assisted us in smooth and flawless production process. AVN's infrastructure has well- equipped R&D with the latest equipment like HPTLC. This has facilitated us to have high production capacity of around 350 lakhs per month. Our infrastructure is equipped with:

- Pressure Extractors
- Coil type Extractors
- Vacuum concentrators
- Steam Jacketed vessels
- Vacuum Drierr
- Pulverizer
- Fermentation Section
- Filling lines for Liquids and Solids
- Steam Generation equipment

NETWORK

A widely distributed network helps in assuring on-time delivery of the products. We are also backed by a well-distributed network that helps us in promptly matching with the needs of the clients who are spread in the market of Australia, Germany, Malaysia, Singapore, USA and Africa.

CHARAK PHARMA PVT. LTD.

CHARAK PHARMA PVT. LTD.

ABOUT

The journey of Charak began in the year 1947 with a vision to improve the quality of life by making herbal healthcare available internationally.

Our endeavour is to meticulously research and formulate standardized products of the highest quality. We firmly believe that the customer is of paramount importance and therefore we place customer satisfaction as our supreme priority.

Over the years, Charak has established itself as the foremost international herbal healthcare company, recognised as the bastion of customer well-being with top-quality products and services.

HISTORY

It was in 1947 Shroff Brothers Shri D.N. Shroff and Dr. S.N. Shroff made a humble beginning with a great vision to position ayurvedic and herbal medicines in India & international arena. Today, after more than 65 years the vision remains same with a renewed vigour.

At Charak, we ensure that the customer needs are satisfied with a scientific, well-documented, evidence-based and standardized formulation. Charak since then has metamorphosed into a big organization with three factories – Silvassa (Daman), Samalkha (Haryana) and Baddi (H.P.).

Made of natural ingredients with globally-acknowledged benefits, every product has been made available for consumption only after years of thorough research and testing. The spectrum of products also features personal care solutions.

With every country we add to the list, we endeavour to keep the relevance, respect, and efficiency of Ayurveda alive.

TRULY ESSENTIAL, CHAITANYA AGRO HERBALS

TRULY ESSENTIAL, CHAITANYA AGRO HERBALS.

ABOUT

Chaitanya Agro Herbals is a G.M.P (Good Manufacturing practices) certified unit, based in Mysore, Karnataka, India since 1998.

We are manufacturers, suppliers, retailers and exporters of quality, standardized, natural herbal extracts, Aloe vera gel (pH 5.5) and essential oils. The company' proprietary products are retailed under the brand Chaitanya's and Truly Essential duly licensed under AYUSH, dept of Ayurveda, Govt of Karnataka.

Our journey started with cultivation of medicinal plants like Amla, Annato Withania Somnifera, Safed Musli etc, in the State of Karnataka, India. Over the years the Company has made progress multifold, from mere cultivation to extraction of natural herbs and distillation of essential Oils. Today we are proud to say that we are cultivating 120 Acres of medicinal herbs and aromatic plants.

Our company takes pride in working with farmers closely, from growing to extraction and distillation, where we are truly living by our motto "Soil to oil" All production systems are subject to stringent quality checks at various stages, to ensure our products are of highest quality to match international norms and standards. We have designed and implemented comprehensive systems for Quality Assurance (QA) incorporating Good Manufacturing Practices (GMP) and thus Quality Control (QC).

OUR MISSION

We are dedicated and committed to our consumers, to provide highest degree of pure standardized and quality oriented products. We work to increase access of quality herbal health care products to humanity so that people get the care they need to help human live healthy with the need of herbal remedial solutions. Ensuring the highest standard of quality control at every stage.

It is our vision to go global while committing to remain strong in our core.

Truly Essential stands for using nature's ingredients for a healthy living. The concept of using essential oils for preventive and curative healing is a great example of what nature has to offer us. Truly essential embodies the essence of aromatherapy through our diverse and high-quality range of products which

soothes, revives and replenishes. Our home-grown range of small batch essential oils guarantees that every bottle is blessed with the secrets of aromatherapy. Consistent quality is what we strive for every day, customers are our pride & joy and their satisfaction (happy customers) is of utmost importance. Our manufacturing unit and office are based in the city of heritage and palaces, Mysore.

Truly Essential stemmed out of a father-daughter discussion over a cup of early morning chai. Based in Mysore, a beautiful city of palaces, we started with an objective of making people in India reap the benefit of essential oils. Today we stand strong and proud with over 50 amazing products created with the best quality of natural ingredients to promote healthy living. All our essential oils are 100% pure, natural and undiluted bottled straight from the farmer's distillation hut. Our Aloe Vera gel is the best in India with no added colours or synthetic additives. Consistent quality is given utmost importance and all our customers swear by this. We truly hope any product of Truly Essential brings you to the path of healthy and happy living. We are proud to be a wellness-based company from India with all the products manufactured here.

MATXIN LABS PVT. LIMITED

PHARMACEUTICALS PRODUCTS

We at Matxin Labs Pvt. Ltd. have three passions: herbs, research & quality. We are very paranoid when it comes to quality. That is our mainstay and we don't compromise on that. The pharmaceutical range has been created with a lot of research, testing and clinical trials. Our company draws a lot of knowledge from our founder, and it takes a lot of time for each product introduction.

Our endeavour is to develop pharmaceutical products which will ease the life of people on a daily basis, by taking the bounty which we have in nature in the form of herbs and harnessing it with modern science.

We have products covering 12 categories and also an Over the Counter (OTC) range. The categories include orthopaedics, respiratory tract infections to skin, liver etc. covering a whole range of ailments. Extreme care is taken in ensuring that the mainstay and the heart of Matxin products: Herbs: are sourced in the most scientific manner.

We ensure that the cultivators of these herbs use good agricultural practices and the plants are free from heavy metals, pesticides and other toxic chemicals.

Extraction process uses only purified aqua and no chemical solvents are used. This ensures the purity of the herbs and also consistency which is so essential to produce quality pharmaceutical products batch after batch.

Our founder, Dr S.K Mitra is a medical graduate from Calcutta National Medical College & Hospital (West Bengal, India) and did his post-graduation from The Institute of Medical Sciences, Benaras Hindu University (BHU), Varanasi (Uttar Pradesh, India).

Although his educational training was in medicine but he spent his life researching herbs and it has become his passion now. He is a recognized leader in the field of herbal research and development in pharmaceuticals & cosmeceuticals.

He was the Executive Director and Partner of Himalaya Drug Company for 22 years and then worked as Chief Executive Officer of Emami-Zandu group.

In 2012, Dr S.K Mitra was conferred with the prestigious Sir R.N Chopra Memorial life time achievement award for his contribution in the fields of herbal and pharmaceutical sciences.

In 2015, he was decorated with the prestigious Prof. B. Mukherjee Memorial Oration Award for his contribution in the herbal and pharmaceutical research.

He carries the heart and soul of the company through his active research in herbal products.

His academic interest lies in the area of cosmetic technology, pharmaceutical sciences, clinical pharmacology, in vitro biology, cell & molecular biology, pre-clinical studies & toxicology, formulation & development, phytochemistry, analytical chemistry, pharmacognosy applied botany & plant tissue culture.

He was a board member of several scientific advisory committees constituted by the Government of India.

He is on the advisory board of many scientific journals. He has more than 150 national and international publications in various journals of high repute.

Many students from reputed Indian universities have done research under his guidance in pursuance of their PhDs. He is a recognized PhD examiner in Rajiv Gandhi University of Health Sciences, Bangalore (Karnataka, India).

Dr S.K Mitra and his team have filed many global patents on molecules identified from plants.

By the way, he runs the company also.

PERSONAL CARE PRODUCTS

MITVANA, the personal care range of products from Matxin Labs Pvt. Ltd., literally means “Friend of Forest”.

Forests, which are a unique gift of the nature to the human kind and which have sustained us over the years providing a variety of healing herbs.

The unique feature of the personal care range is that it has been created and crafted with the combined knowledge of Pharmacognosy (knowledge concerned with medicinal drugs obtained from plants and other natural sources), Pharmacology (knowledge concerned with the uses, effects and modes of action of drugs), & Cosmetology (knowledge and study of application of beauty treatments in skin care, hair care & body care).

We delve in to the rich herbal knowledge of ancient India which is scientifically researched and tested to create the MITVANA range. Latest technology is used to validate the effectiveness of the formulations.

MITVANA range of personal care products are presented in a soothing & premium packaging and using unique herbal blends.

MITVANA range is driven by the three passions of Matxin labs: Herbs, Research & Quality. We invest a lot of time & energy in researching a product and testing it before it is introduced. Extreme care is taken in ensuring that the mainstay and the heart of Matxin products: Herbs: are sourced in the most scientific manner. We ensure that the cultivators of these herbs use good agricultural practices and the plants are free from heavy metals, pesticides and other toxic chemicals. Extraction process uses only purified aqua and no chemical solvents are used. This ensures the purity of the herbs and also consistency which is so essential to produce quality products batch after batch.

MITVANA is a head to toe brand for the whole family and provides an improved lifestyle and a sense of wellbeing. We have the following categories: Face care, Body care, Hair care, Dental care, Health care & Men’s range.

MITVANA is sold in various markets around the world.
